Independent professional advice may be sought by a director at Milton's expense with the prior approval of the chairman. A copy of advice received by the director is made available to the chairman to be dealt with at his discretion.

6. Diversity

The board has established a diversity policy which is available on Milton's website.

The policy acknowledges the advantages of gender diversity as well as diversity of age and skills.

The key element of the diversity policy is that Milton will seek the best person with the appropriate characteristics that is available for the position and will not discriminate against candidates on the grounds of gender, age, ethnicity or cultural background.

In relation to the appointment of each new director, the board will consider a broad range of candidates and seek to appoint the person that would best complement the collective skills, experience and diversity of the current directors.

Milton considers gender diversity whenever the opportunity arises and appointment of a director will always be based on the relative merits of the candidates. At the time of this report, there were four male non-executive directors and one female non-executive director.

9. Risk management

The managing director and chief financial officer report annually to the Audit & Risk Committee on Milton's risk management system.

A written declaration in relation to the 2018/19 financial year has been provided to the board by the managing director and chief financial officer stating that, in their opinion, the financial records of Milton have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of Milton and that the opinion has been formed on the basis of a sound system of risk management and internal controls which is operating effectively.

The board considers an internal audit function is not necessary due to the nature and size of Milton's operations. The external auditors report to the Audit & Risk Committee on risk management issues identified during the course of the audit. The risk management policy is available on Milton's website.

Milton is not directly exposed to material environmental and social sustainability risks. However, Milton may have indirect exposure through its investments in companies that have material exposure to such risks.
